DISCOVER THE AQUANOVA GREEN INITIATIVE

As a family business, Aqunova feels responsible for its future generations. That's why we have launched the Aqunova Green Initiative, an ambitious project that focuses on sustainability throughout our entire supply chain. A big step is to say goodbye to conventional cotton and to develop new textiles in GOTS certified cotton.

Oslo towel range and Per bath mat series carry the Global Organic Textile Standard (GOTS) label.

This means that the textile fibres originate from organic agriculture. No harmful or carcinogenic substances may be used in the production process

either. A sustainability plan is drawn up with attention to waste management, water and energy consumption.

From a social point of view, this label keeps an eye on the working conditions in textile processing as well. Amongst other things, the social criteria for textile processing include a ban on child labour, safe and hygienic working conditions, physical abuse or other forms of intimidation.

Other series that are part of the Aqunova Green Initiative: Mink, Dita, Viggo & Thor

THE AQUANOVA BATH ESSENTIALS ARE THE FOUNDATION OF OUR BRAND. A STRONG COLLECTION INSPIRED BY OUR CLASSICS. BESTSELLERS WHICH MOVE WITH THE SEASONS. LOOKS WHICH ADAPT EFFORTLESSLY THANKS TO ITS MIX & MATCH PRINCIPLE AND TIMELESS CHARACTER. A PROMISE THAT WILL EARN YOU THE LOYALTY OF YOUR CUSTOMERS THROUGHOUT EVERY SEASON.
